IN MOTION

EVENT PARTNER GUIDE

DJs · planners · venues · entertainment

You bring the celebration. *I bring the film.*

Weddings. Birthdays. Mitzvahs. Anniversaries. Any celebration with a story worth sharing. A film that brings the room together.

From a real Montages in Motion mitsvah film

I'm Brandon Losacker, the Cincinnati filmmaker behind Montages in Motion. For more than 20 years, I've shaped family photos and home videos into personal films with humor, heart and music that lands. You work directly with me, from the first note to the final file.

THREE SIMPLE WAYS TO WORK TOGETHER

Refer a family

Make the introduction. I handle the creative conversation, quote, editing and family review.

Bring me into the team

A preferred editing resource for individual projects, with clear roles and an easy event handoff.

Keep me behind the scenes

Your brand. Your client relationship. My editing, at a privately agreed production rate.

CELEBRATION MONTAGES

\$1,500–\$3,000

Direct-to-family pricing for complete, focused celebration films. More elaborate cinematic commissions begin at \$4,950.

A CLEAR HANDOFF

Confirm the brief and date. Share selected materials. Review one considered edit. Receive a 1080p MP4 in time for your DJ or venue's playback check. Review rounds and delivery dates are agreed before booking.

Start with one project. No subscription or minimum volume. Private production rates depend on scope, materials, feedback responsibilities and timing. Expanded production, rush work and special formats are quoted separately. Music and sharing permissions are agreed for the intended use.

Watch the films. Then let's talk.
